AFB SCHOLARSHIPS

Due April 1: Scholarships of \$2,000-\$3,500 from American Foundation for the Blind; various fields/requirements detailed here: https://www.afb.org/info/afb-2017-scholarship-afb-2017-scholarship-application/5#content

STUDENT VIDEO CONTEST Due April 17: National Center for Col-

lege Students with Disabilities seeking student videos and YouTubes for posting. Top winners will be awarded cash prizes. we're especially interested in examples of what works for students, classrooms, or access. Details at http://www.nccsdonline.org/video-competition.html

NFB STEM SLAM FOR STUDENTS

National Federation of the Blind announces the 2017 NFB Youth Slam, a weeklong learning opportunity for students grades 9 through 12 in a widevariety of science, technology, engineering, and math (STEM) disciplines. One hundred blind and low vision students from across the country will be selected to attend this weeklong adventure at Towson University (Maryland) next July 23 to 29. Applications due May 7. For more information and to learn about volunteer opportunities, see: http://blindscience.org/nfb-youth-slam

For additional questions, call (410) 659 -9314, extension 2418, or email STEM@nfb.org

TACTILE BOOK COMPETITION

Entries Due August 10, 2017: The International Tactile-Illustrated Book Prize, a competition to encourage quality and quantity of tactile books for children with visual impairments. Visit this link for rules and entry forms and to see last year's winners www.aph.org/tactus-international-tactile-books-competition/Submit your tactile-book appropriate for children age 3 to 12 to the American Printing House for the Blind. Questions? Contact Rob Guillen, rguillen@aph.org

ACCESS VETERAN BENEFITS

The Veterans Administration offers an easy referral form if you know of a blind or visually impaired veteran (not necessarily service related) in need of assistance. Just email for a Field Service Officer to contact. mailto:bva@bva.org?subject=Blind%20Veteran%20in%20Need%20of%20Help

CHECK ON SOCIAL SECURITY CLAIMS AND APPEALS

Social Security has launched a new service for my Social Security account holders. Now the public can check on the status of an application for benefits or an appeal. The service will provide detailed information about retirement, disability, survivors, Medicare, and Supplemental Security Income claims and appeals, whether these are filed online at socialsecurity.gov https://www.ssa.gov/ or in any field office in person. Details here: http://appeal-status-service/

IMPROVE YOUR TECH SKILLS

The American Foundation for the Blind recently launched Learn Tech, an access initiative that features free online tutorials to help people who are blind or visually impaired improve computer and technology skills. New tutorials are on Google Docs and Google Drive.

swer questions. Tony Stevens, ACB's attecting our membership. Attendees the legislation important to us and anand Senate or a representative from and other pertinent activities on the nadate with the most current legislation Many of you know that ACB has a semlowing legislative initiatives for this tal Affairs, recently notified us of the foltheir staff to provide information about Hill and talk to members of the House seminar, ACB members visit Capitol tional level. On the final day of the new and reintroduced bills, new trends spend one or two days learning about to keep the organization's leaders up to Director of Advocacy and Governmeninar each February in Washington, DC,

This year we will continue the work on two issues from last year, which we hope have a good chance of being pushed through in the current political landscape. We will also urge Congress to put pressure on the new administration to not backtrack on its duties and responsibilities to uphold current laws that protect the civil rights of Americans who are blind.

For the last two years we have worked to get support for the Medicare Demonstration on Coverage of Low Vision Devices. Representative Carolyn Maloney of New York and co-sponsor Gus Bilirakis of Florida introduced this bill to

establish a five-year project to evaluate the fiscal impact of a permanent change to Title XVIII of the Social Security Act, allowing reimbursement for certain low vision devices, not including glasses and contact lenses. This would help people losing vision to remain independent. It has gradually gained support from members of both major political parties.

gress for ratification by the U.S. Senplate to have their Senate representagress. Each state will be given a temthis treaty, and we just need to have the Senate is still open to movement on compromise that would provide conpublishers, libraries, and advocates exchange of accessible materials intertransmitting the treaty package to Conadministration to move with haste on retary of State, outlining the critical tives send to the newly confirmed Secratification package to the 115th Contions from Capitol Hill tell us that the sensus support of the treaty. AFB APPLAUDS SUPREME COURT RULING IN SUPPORT OF SERVICE ANIMALS

(From the <u>American Foundation for the Blind blog</u>, posted 2/22/17)

We were very pleased to see the <u>Su-preme Court ruling today in Fry v Napoleon Community Schools</u>. The Supreme Court held unanimously that Ehlena Fry's family can pursue a lawsuit against her former public school district for denying access to her service dog, Wonder. The ruling made clear that if a school discriminates against a child for using a guide dog or service animal, parents are legally able to go straight to court to enforce the student's rights under the Americans with Disabilities Act (ADA) and Section 504.

"Nothing in the nature of the Frys' suit suggests any implicit focus on the adequacy of (Ehlena's) education," Justice Elena Kagan wrote. "The Frys could have filed essentially the same complaint if a public library or theater had refused admittance to Wonder." Therefore, the family does not need to exhaust all of the administrative procedures you typically have to satisfy under the Individuals with Disabilities Education Act (IDEA).

Read the <u>full text of the ruling issued by</u> the Supreme Court (PDF).

MAKE YOUR MOMENTS COUNT

By Reggie Anglen

Teachable Moments, Inc., is a 501(c)3 nonprofit dedicated to assisting persons who are 40 or older and are coping with blindness and other vision challenges.

According to figures released by Prevent Blindness Ohio and the US census, there are 9,000 residents in this age group who are without help.

You can help by visiting our secure website, www.teachablemoments.US

and volunteer, become a consumer, or donate to the cause.

We provide readers, shoppers, drivers, escorts to events, phone friends, and peer support groups.

Contact Reggie Anglen at rca2525@att.net or by phone at 614-266-9563.

MEET TWO MORE SCHOLARSHIP WINNERS

You read about Joe Chadbourne in the last issue. Here are two other scholarship winners.

Jenny Ham received the Nola Webb-McKinney Scholarship last October. She is a junior at the University of Cincinnati, majoring in social work and Spanish. She has volunteered with Su Casa, tutoring at the Academy of Multilingual International Studies and serving as the student teacher for an English as a second language adult night class, and is now a staff writer for The News Record. She is a member of the University of Cincinnati's Honors Program and has made the Dean's list for four out of five semesters.

Cassandra Mendez won the David Newmeyer Scholarship. Cassandra is a sophomore at The Ohio State University, majoring in computer science and engineering. She is involved in many extracurricular activities and has

worked at jobs most of us would find intimidating. She plans to go to graduate school and would like a job in accessible technology, especially at Disney.

Jenny Ham & Cassandra Mendez

The American Council of the Blind of Ohio offers six scholarships each academic year, ranging from \$1,000 to \$2,500. Past recipients are eligible to apply.

Tell students you know that scholarship information, the application, and the reference form may be downloaded from www.acbohio.org or requested by calling our office at 800-835-2226. In addition to the scholarship money, each recipient receives registration and hotel accommodations for the convention, lunch tickets for up to two guests, and a one-year membership to ACBO.

School is important, but it isn't inexpensive. Help students get degrees to show what anyone can do, even with limited vision or no sight at all!

KUDOS & THANKS, AWARD WINNERS!

Ken Woodall, 2016 Ruth Davidson Award Winner

For years, Ken has been a major asset to ACB-Ohio—the Greater Cincinnati Chapter in particular. He is always eager to drive people to chapter meetings, entertainment venues, churches, restaurants, and even the state ACBO conference. If he's not personally providing the ride, he makes sure chapter members have rides through taxi or paratransit. Ken serves behind the scenes, doing the jobs that keep the chapter humming, whether it be serving as chapter parliamentarian, selling raffle tickets, or carrying boxes.

Now retired after 25 years with the Ford Motor Company, Ken plans to spend more time with family, church, travel

and helping ACB-Ohio at the local and state levels. For 43 years he has been married to his high school sweetheart, board member Lori Woodall; they have two children and five grandchildren.

Terry Olandese, 2016 Ambassador Award Winner with presenter Lori Woodall

Terry Olandese has served as president of the Greater Cincinnati chapter for a number of years and has been active at the state level on the board and as a 2016 national conference delegate. Whether it's a computer, cell phone, or your back (he is a massage therapist), he will help you fix it.

A few months ago, Terry started "Talk Back Tuesday" every first Tuesday of the month to keep the chapter connected between meetings. This conference

call is an active fellowship time with history lessons, jokes, funny stories, and items about the chapter. It's enjoyed by all who call in.

Currently, Terry is creating a website featuring short interviews with chapter members so new members and site visitors can get acquainted with the chapter. He has many talents, including playing piano, bass guitar, songwriting, and singing beautifully. He is the father of two children and grandfather of one.

WE NEED YOUR NOMINATIONS!!!

Most of us enjoy recognition for what we do, but we seldom toot our own horns. Even if we find it somewhat embarrassing, it feels really good to receive an honor for a one-time special service or for years of working in the background. From the other side of that coin, it's a terrific feeling to surprise someone who isn't expecting appreciation.

Do you know a person or organization in Ohio who gives time, money, ideas, or any other kind of support to ACBO? Nominate that individual or group for an award. Don't worry if you feel uncomfortable writing; you can instead call Lori Woodall (513-876-3351), Vicky Prahin (614-949-7757), or Katie Frederick (800-835-2226) and provide the information verbally. The individual you nominate can be blind or visually

impaired or sighted; the organization can provide services, offer funding, or do something which benefits our membership.

The deadline this year is September 8. **Don't think about it; do it!** Mail letters of nomination to ACB-Ohio, 3805 North High St., Suite 305, Columbus, Ohio 43214 or send via email to <u>ac-bo.awards@gmail.com</u>.

MR. & MRS. CLAUS VISIT SENIORS

In December, Mr. and Mrs. Claus (board members Terry Olandese and Lori Woodall in costume) paid a special visit to the adult daycare where fellow board member Lita Wesley is employed. They received a very warm welcome. Every resident had his or her picture taken with Mr. Claus and received a candy cane. Mr. Claus played favorite Christmas carols on the piano, accompanied by some very strong voices. Kenny Woodall and Board Member Sue Wesley also attended.
